

The Kennels is your own personal hideaway, a short distance from the main event which offers the perfect set-up for mixing business with pleasure or socialising with family and friends. Our private members' club opens its doors during the Festival of Speed for small groups to enjoy a day of luxury. From breakfast through to afternoon tea, you're free to design your day as you please. If you can't tear yourself away from the thrills of the Hill Climb or beauty of the quirky cars displayed in Cartier's Style et Luxe area, we'll deliver your afternoon tea to you in a hamper at the main event site, so you needn't miss a moment of the action.
